

Midget Blocks—Block 33

Midget Blocks are a series of wonderful little blocks adapted from an antique sampler quilt made during the 1930s. I hope you'll enjoy making these blocks and a sampler quilt of your own.

Most of these blocks were made using just two colors. A print or solid color and the background fabric. This block in the original quilt was constructed using five fabrics; a purple print, pink print, blue print, yellow print and the background fabric.

In the antique quilt this block is the ninth block from the left in the sixth row.

This block is easiest to construct if you use foundation paper piecing. Foundation paper piece each "pie slice" section of the block. Sew the sections together in pairs, then halves. Finish by sewing the halves together to complete the block.

Your unfinished block should measure 5".
